

Missing SWHS Alumni From The 1979 Graduating Class

The alumni below could not be located for the 30 year reunion. If you have information about any and would like to update the reunion database, please email or phone Heidi. It would be nice to have a current database for the next reunion. Also, if you are moving or change your email address that was already on file, drop Heidi a note so that she can update the database. There are no plans for the next reunion, but it's a good idea to keep the database current in case there is a 35 or 40 year gathering.
